

MANDEL HAS MISSED ONE-THIRD OF HIS FIRST TERM IN OFFICE

In his two-years in office, Mandel has been absent one-third of the time. We support his military service, but the 17th District needs representation in Columbus. Not telling voters of his intention to return to Iraq shows BAD JUDGMENT.

PUTTING OUR RETIREES AT RISK

Mandel led a move to stop state pension plans from investing in companies doing business in Iran. Although patriotic, this bill would limit fund investments and put retirees at risk. Mandel didn't even discuss this idea with the state pension funds, who complained that the move would lower returns by stopping investments in GE, Boeing and other top international firms. Impossible to administer, the bill could cost taxpayers more because investment returns supporting public pension funds would go down Again, BAD JUDGMENT!

VOTING AGAINST GROWTH

Mandel was one of only 7 members of the House to vote against Governor Strickland's jobs and growth bill claiming it was "fiscally imprudent." When asked what he meant, he would not explain. This, too, was BAD JUDGMENT!

IT'S TIME FOR CHANGE!

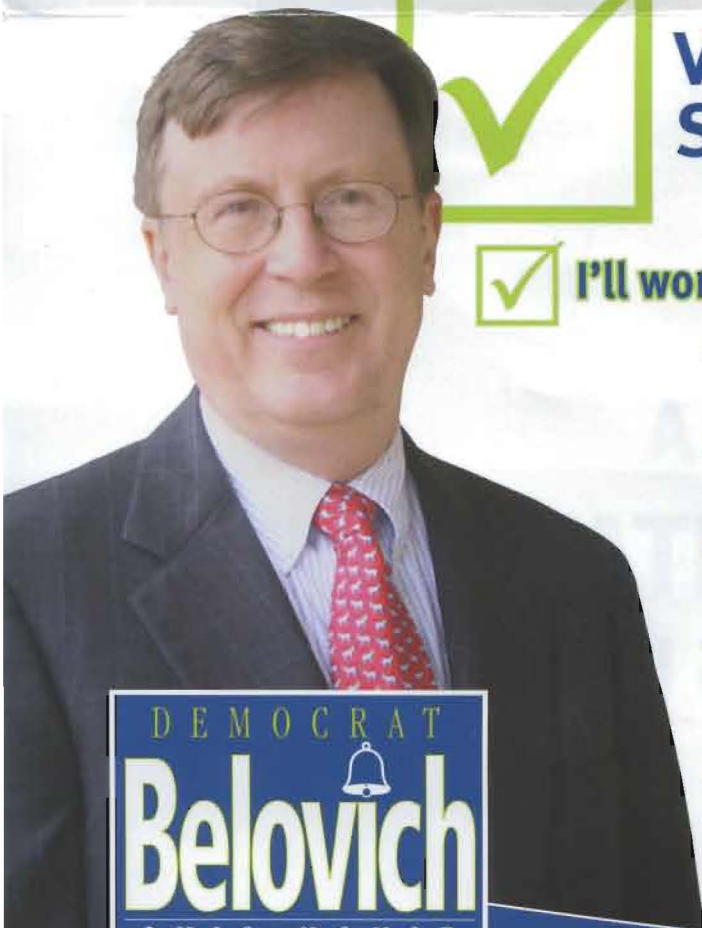

Vote **Bob Belovich** For State Representative, District 17

I'll work with Governor Strickland to:

- Promote the new green economy and the jobs that go with it in Northeast Ohio.
- Create world-class schools while reducing taxes by reforming school funding.
- Invest in higher education to attract the next generation of high paying jobs.
- Improve health care and lower health care costs by strengthening primary care medicine.
- Stand up for the middle class values and keep the state budget balanced.
